Detainee care - Guidance overview

This page is from APP, the official source of professional practice for policing.

First published 23 October 2013

Police and Criminal Evidence Act 1984 (PACE) <u>Code of Practice C</u> sets out the statutory framework for custodial care and the rights and entitlements of a detainee in police custody.

The College of Policing has now published <u>APP on Mental Health</u>. This module wholly supersedes and replaces:

- APP on Mental ill health and learning disabilities (within APP on Detention and custody). This document was decommissioned on 10 October 2016.
- Association of Chief Police Officers (ACPO) and Department of Health (2010) guidance on responding to people with mental ill health or learning disabilities. This document was decommissioned on 3 August 2016.

<u>See Mental health – detention</u> for information on protections for people with mental ill health in detention.
